MODERN ECONOMIC THEORY IN THE FRAMEWORK OF CHALLENGES OF THE XXI CENTURY

Sahibov Aliyar Phirjan
Professor, Head of the department of "Economic Theory"
Azerbaijan State University of Economics (UNEC)
sahibov.aliyar@rambler.ru

ABSTRACT

Stochastic economic theory (political economy) on the basis of main structures of modern economic theory, rational utilisation theory (economics) of limited resources and the existence of institutional economic theory have been based on. The major differences of the main principles are worked out in the investigation. Political economy is regarded as a fundamental socioeconomic basis, according to its methodological aspects and the value component of socialist society rationalisation. The increasing of material production is noted.
