## About UNEC Business School

More than 120 lecturers graduated from national and foreign universities share their knowledge with master students of UNEC Business School. Majority of lecturers have master's and PhD degrees from renowned universities of the US, Canada, the United Kingdom, Germany, Russia, Sweden, France, Turkey, Italy, Hungary and other countries.

UNEC Business School provides its master students with the opportunity to take advantage of the knowledge and expertise of highly qualified UNEC faculty members and adjunct professors invited from national and foreign universities, as well as of practitioners from leading national and international organizations.

More than 2500 master students, among them citizens of Turkey, Pakistan, Georgia, Ukraine, China, Russia, Kazakhstan, Uzbekistan, Turkmenistan and Middle East countries, study in MBA Program of UNEC Business School on 17 specializations.

## Programs:

- MBA
- E-MBA
- DBA

**Education is provided in 3 languages- Azerbaijani, English and Russian.**

The MBA program seeks to improve students for their leadership skills, prepare them to master systematic knowledge, capabilities and management skills, enhance their professional competence, analytical thinking and decision-making skills, investigate complex business information, nourish student's entrepreneurial mind, ethical behavior, presentation and time management skills. The program prepares students to occupy top positions in organizations with diverse cultures.
